

Vancouver Implant Continuum – Registration Form

www.vancouvermaxicourse.com/implant-continuum/

The Vancouver Implant Continuum is an advanced surgical study club program under the Vancouver MaxiCourse® umbrella. It consists of 7 days of clinical experience and the optional benefit of participating in 14 days of educational lecture and seminar sessions, including the cadaver course. Lecture days are back-to-back with clinical sessions. Sunday clinic is *not* included.

The program runs from September 2018 to June 2019. The *optional* lecture consists of a systematic build-up of the didactic material and laboratory exercises [MaxiCourse], while clinical experience includes surgical demonstrations, clinical participation and surgeries on your own patients. All surgeries will continue to be mentored and supervised by board-certified oral implantologist faculty members.
